# *Smart and Sustainable Mobility*

## *Strategy*

- Published on Dec 9th 2020 & available [here](#)
- UITP's official reaction to the Strategy is [here](#):
  - ★ a recognition of the importance of daily mobility
  - ★ but...not enough of an emphasis on modal shift
  - ★ a sectoral vision for the upcoming initiatives on ticketing, alternative fuels infrastructure, and investment funding opportunities

## **Revision of the ITS Directive**

- **A framework directive with important delegated regulations**  
see Regulation [2017/1926](#) & upcoming regulation on C-ITS
- **With a revision that should:**
  - expand the scope of travel information services covered
  - accelerate the adoption of the C-ITS Regulation
  - expand the scope of road traffic information services required to cities
- **And parallel to this...a new regulation on the reselling of ticketing services**

### **Actions?**

- **UITP-EMTA-Polis joint opinion on EU-wide integrated ticketing [here](#)**
- **Lobbying event on 24th March & meeting with European Commission officials**
